

TL Energy Galaxy XD Cobra Head

Features and Benefits

- 45-164 Watt Low Power and High Performance
- Luxeon Rebel ES high efficiency LEDs
- Photocell dimming and aluminum body
- 95% Optical Efficiency
- 90 Degree Adjustable Mounting
- Pulse modulating dimming: Saves more energy than other dimming methods by turning the light on and off at a high frequency, thus saving you more money.
- Adds to esthetics of current architecture or facility
- Smart Light Communications in the near future: Remote communications, data recording and programmability make your lighting system more efficient and versatile.
- 5 year warranty*
- Rated Lifetime: +60,000 hours
- UV, IR and Mercury-free, ETL (to UL standards), CE, RoHS, NOM, FIDE, meets IP65, IESNA, Dark Sky
- UL-Dry and Damp Location

OUTDOOR
Cobra Head

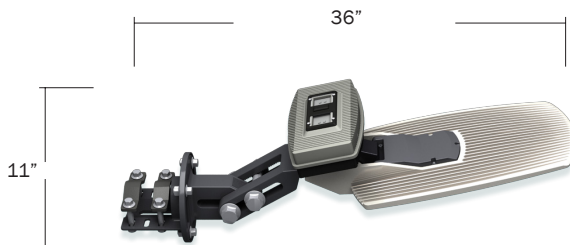

Rated Life
60,000 hours
