

PL Series - Ballast Compatible

INDOOR
PL Series

Features and Benefits

- 9 Watt Low Power and High Performance
- Dimensions match most existing CFLs
- Dynamic soft light using high luminosity LEDs
- Plug and play replacement bulb/electronic ballast compatible
- Instant turn on time (no flickering)
- High performance light engine provides superior illumination to indoor lighting applications
- High efficiency LED delivers a long life span and superior color output
- LM79, LM80
- Rated Lifetime: 50,000 hours
- 5 Year Warranty*
- UV, IR and Mercury-free

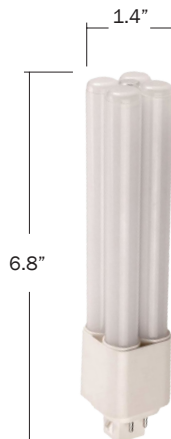

**5 Year
Warranty**

**Reduces
Energy & Cost**

**No Lead or
Mercury**
