

## Retrofit Kits - 3 Plate/DLC

### Features and Benefits

- 405 Watt Low Power and High Performance
- Under voltage lockout for power off or brownout
- Multiple temperature control values. Over temperature protection, shut down at critical temperature and resume operation temperature
- Multiple lensing options available for maximum light distribution
- Designed with 1-10V dimming capabilities
- Rated life 100,000+ hours
- 5 Year Warranty\*
- UV, IR and Mercury - free
- UL- Dry Location

**5 Year  
Warranty**

**Reduces  
Energy & Cost**

**No Lead or  
Mercury**

| Part Number:                 | Wattage: | Lumens: | CRI: | Color Temperature(CCTK): | EQUIVALENT TO HID: |
|------------------------------|----------|---------|------|--------------------------|--------------------|
| GTSOL5498-GR-3XPLATE-120-277 | 405      | 30,000  | ≥76  | 5700K                    | 1000W              |

| Dimmable: | Voltage:    | Life Hours: | Operating Temperature: | Indoor/Outdoor: | Certified Installer Required: |
|-----------|-------------|-------------|------------------------|-----------------|-------------------------------|
| Yes       | 120-480 VAC | 100,000+    | -40°C to 85°C          | Indoor          | Yes                           |

### Applications

- Cobrahead
- Shoebox
- Canopy
- Parking Lot
- Highbay
- Lowbay
- Wall Pack
